INDEPENDENT AUDITORS' REVIEW REPORT TRANSLATED FROM CHINESE

PWCR26000059

To the Board of Directors and Shareholders of Realtek Semiconductor Corporation

Introduction

We have reviewed the accompanying consolidated balance sheets of Realtek Semiconductor Corporation and subsidiaries as at June 30, 2026 and 2025, and the related consolidated statements of comprehensive income for the three-month and six-month periods then ended, as well as the consolidated statements of changes in equity and of cash flows for the six-month periods then ended, and notes to the consolidated financial statements, including a summary of material accounting policies. Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" and International Accounting Standard 34, "Interim Financial Reporting" that came into effect as endorsed by the Financial Supervisory Commission. Our responsibility is to express a conclusion on these consolidated financial statements based on our reviews.

Scope of review

Except as explained in the following paragraph, we conducted our reviews in accordance with the Statement on Review Engagements 2410, "Review of Financial Information Performed by the Independent Auditor of the Entity" of the Republic of China. A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for qualified conclusion

As explained in Notes 4(3) and 6(7), the consolidated financial statements of certain insignificant consolidated subsidiaries, investments accounted for under equity method and the information disclosed in Note 13 were based solely on the reports prepared by those subsidiaries and investee companies, which were not reviewed by independent auditors. Total assets of these subsidiaries amounted to NT$11,621,908 thousand and NT$8,066,425 thousand, constituting 7.89% and 6.46% of the consolidated total assets as at June 30, 2026 and 2025, respectively, total liabilities amounted to NT$1,786,794 thousand and NT$1,534,911 thousand, constituting 1.85% and 1.88% of the consolidated

total liabilities as at June 30, 2026 and 2025, respectively, and the total comprehensive income amounted to NT$1,567,419 thousand, NT$424,857 thousand, NT$2,018,341 thousand and NT$412,878 thousand, constituting 31.25%, (20.40%), 18.90% and 12.10% of the consolidated total comprehensive income (loss) for the three-month and six-month periods then ended, respectively. Furthermore, the investments accounted for under equity method as at June 30, 2026 and 2025 amounted to NT$150,996 thousand and NT$109,411 thousand, respectively, and the related investment (loss) income were (NT$9,006) thousand, NT$5,909 thousand, (NT$12,476) thousand and NT$7,456 thousand for the three-month and six-month periods then ended, respectively.

Qualified conclusion

Except for the adjustments to the consolidated financial statements, if any, as might have been determined to be necessary had the financial statements of certain insignificant consolidated subsidiaries and investments accounted for under equity method been reviewed by independent auditors as described in the *Basis for qualified conclusion* section above, based on our reviews, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of Realtek Semiconductor Corporation and subsidiaries as at June 30, 2026 and 2025, and of its consolidated financial performance for the three-month and six-month periods then ended and its consolidated cash flows for the six-month periods then ended in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" and International Accounting Standard 34, "Interim Financial Reporting" that came into effect as endorsed by the Financial Supervisory Commission.

REALTEK SEMICONDUCTOR CORPORATION AND SUBSIDIARIES
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIODS ENDED JUNE 30, 2026 AND 2025
(Expressed in thousands of New Taiwan dollars, except as otherwise indicated)

1. HISTORY AND ORGANISATION

Realtek Semiconductor Corporation (the "Company") was incorporated as a company limited by shares on October 21, 1987 and commenced commercial operations in March 1988. The Company was based in Hsinchu Science Park since October 28, 1989. The Company and its subsidiaries (collectively referred herein as the "Group") are engaged in the research, development, design, testing and sales of ICs and application software for these products.

2. THE DATE OF AUTHORISATION FOR ISSUANCE OF THE CONSOLIDATED FINANCIAL STATEMENTS AND PROCEDURES FOR AUTHORISATION

These consolidated financial statements were authorized for issuance by the Board of Directors on July 30, 2026.

3. APPLICATION OF NEW STANDARDS, AMENDMENTS AND INTERPRETATIONS

(1) Effect of the adoption of new issuances of or amendments to International Financial Reporting Standards ("IFRS®") Accounting Standards that came into effect as endorsed by the Financial Supervisory Commission ("FSC")

New standards, interpretations and amendments endorsed by the FSC and became effective from 2026 are as follows:

New Standards, Interpretations and Amendments	Effective date by International Accounting Standards Board ("IASB")
Amendments to IFRS 9 and IFRS 7,'Amendments to the classification and measurement of financial instruments'	January 1, 2026
Amendments to IFRS 9 and IFRS 7, 'Contracts referencing nature-dependent electricity'	January 1, 2026
IFRS 17, 'Insurance contracts'	January 1, 2023
Amendments to IFRS 17, 'Insurance contracts'	January 1, 2023
Amendment to IFRS 17, 'Initial application of IFRS 17 and IFRS 9 – comparative information'	January 1, 2023
Annual Improvements to IFRS Accounting Standards—Volume 11	January 1, 2026

The above standards, interpretations and amendments have no significant impact to the Group's financial condition and financial performance based on the Group's assessment.

(2) Effect of new issuances of or amendments to IFRS Accounting Standards as endorsed by the FSC but not yet adopted by the Group

New standards, interpretations and amendments endorsed by the FSC for 2027 are as follows:

New Standards, Interpretations and Amendments	Effective date by IASB
IFRS 18, 'Presentation and disclosure in financial statements'	January 1, 2027(Note1)
IFRS 19, 'Subsidiaries without public accountability: disclosures'	January 1, 2027
Amendments to IAS 21, 'Translation to a hyperinflationary presentation currency'	January 1, 2027
Amendments to IAS 28, 'Amendments to the fair value option in IAS 28 investments in associates and joint ventures'	January 1, 2027(Note2)

Note 1: Entities shall apply IFRS 18 for annual reporting periods beginning on or after January 1, 2028, with earlier application permitted.

Note 2: Entities shall apply this amendment simultaneously with IFRS 18.

Except for the following, the above standards and interpretations have no significant impact to the Group's financial condition and financial performance based on the Group's assessment.

IFRS 18, 'Presentation and disclosure in financial statements'

IFRS 18, 'Presentation and disclosure in financial statements' replaces IAS 1. The standard introduces a defined structure of the statement of profit or loss, disclosure requirements related to management-defined performance measures, and enhanced principles on aggregation and disaggregation which apply to the primary financial statements and notes.

(3) IFRS Accounting Standards issued by IASB but not yet endorsed by the FSC

New standards, interpretations and amendments issued by IASB but not yet included in the IFRS Accounting Standards as endorsed by the FSC are as follows:

New Standards, Interpretations and Amendments	Effective date by IASB
Amendments to IFRS 10 and IAS 28, 'Sale or contribution of assets between an investor and its associate or joint venture'	To be determined by IASB
IFRS 20, 'Regulatory assets and regulatory liabilities'	January 1, 2029

The above standards, interpretations and amendments have no significant impact to the Group's financial condition and financial performance based on the Group's assessment.

4. SUMMARY OF MATERIAL ACCOUNTING POLICIES

The principal accounting policies adopted are consistent with Note 4 in the consolidated financial statements for the year ended December 31, 2025, except for the compliance statement, basis of preparation, basis of consolidation and interim financial statements applied as set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

(1) Compliance statement

A. The consolidated financial statements of the Group have been prepared in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" and the International Accounting Standard 34, 'Interim financial reporting' that came into effect as endorsed by the FSC.

B. These consolidated financial statements are to be read in conjunction with the consolidated financial statements for the year ended December 31, 2025.

(2) Basis of preparation

A. Except for the following items, the consolidated financial statements have been prepared under the historical cost convention:

(a) Financial assets (including derivative instruments) at fair value through profit or loss.

(b) Financial assets at fair value through other comprehensive income.

(c) Defined benefit liabilities recognized based on the net amount of pension fund assets less present value of defined benefit obligation.

B. The preparation of financial statements in conformity with International Financial Reporting Standards, International Accounting Standards, IFRIC® Interpretations, and SIC® Interpretations that came into effect as endorsed by the FSC (collectively referred herein as the "IFRSs") requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note 5.

(3) Basis of consolidation

A. Basis for preparation of consolidated financial statements:

Basis for preparation of consolidated financial statements is consistent with the 2025 consolidated financial statements.

B. Subsidiaries included in the consolidated financial statements:

D. Adjustments for subsidiaries with different balance sheet dates: None.

E. Significant restrictions: None.

F. Subsidiaries that have non-controlling interests that are material to the Group: None.

(4) Employee benefits

Pensions - Defined benefit plan

Pension cost for the interim period is calculated on a year-to-date basis by using the pension cost rate derived from the actuarial valuation at the end of the prior financial year, adjusted for significant market fluctuations since that time and for significant curtailments, settlements, or other significant one-off events. And, the related information is disclosed accordingly.

(5) Income tax

A. The interim period income tax expense is recognized based on the estimated average annual effective income tax rate expected for the full financial year applied to the pretax income of the interim period, and the related information is disclosed accordingly.

B. If a change in tax rate is enacted or substantively enacted in an interim period, the Group recognizes the effect of the change immediately in the interim period in which the change occurs. The effect of the change on items recognized outside profit or loss is recognized in other comprehensive income or equity while the effect of the change on items recognized in profit or loss is recognized in profit or loss.

5. CRITICAL ACCOUNTING JUDGEMENTS, ESTIMATES AND KEY SOURCES OF ASSUMPTION UNCERTAINTY

There have been no significant changes as at June 30, 2026. Please refer to Note 5 in the consolidated financial statements for the year ended December 31, 2025.

(14) Pension

A. (a) The Company has a defined benefit pension plan in accordance with the Labor Standards Law, covering all regular employees' service years prior to the enforcement of the Labor Pension Act on July 1, 2005 and service years thereafter of employees who chose to continue to be subject to the pension mechanism under the Law. Under the defined benefit pension plan, two units are accrued for each year of service for the first 15 years and one unit for each additional year thereafter, subject to a maximum of 45 units. Pension benefits are based on the number of units accrued and the average monthly salaries and wages of the last 6 months prior to retirement. The Company contributes monthly an amount equal to 2% of the employees' monthly salaries and wages to the retirement fund deposited with Bank of Taiwan, the trustee, under the name of the independent retirement fund committee. Also, the Company would assess the balance in the aforementioned labor pension reserve account by December 31, every year. If the account balance is insufficient to pay the pension calculated by the aforementioned method to the employees expected to qualify for retirement in the following year, the Company will make contributions for the deficit by next March.

(b) The pension costs under the defined benefit pension plans of the Group for the three-month and six-month periods ended June 30, 2026 and 2025 were $471, $511, $942 and $1,023, respectively.

(c) Expected contributions to the defined benefit pension plans of the Company for the year ending December 31, 2026 amount to $6,000.

B. (a) Effective July 1, 2005, the Company and its domestic subsidiaries have established a defined contribution pension plan (the "New Plan") under the Labor Pension Act (the "Act"), covering all regular employees with R.O.C. nationality. Under the New Plan, the Company and its domestic subsidiaries contribute monthly an amount based on 6% of the employees' monthly salaries and wages to the employees' individual pension accounts at the Bureau of Labor Insurance. Employees may receive the payment of the pension every month or on a lump-sum basis depending on the accumulated earnings in the personal pension account.

(b) The Company's mainland China subsidiaries, Realsil Microelectronics (Suzhou) Co., LTD, Realtek Semiconductor (ShenZhen) Corp., Cortina Network Systems (Shanghai) Co., Ltd. and RayMX Microelectronics Corp. have a defined contribution plan. Monthly contributions to an independent fund administered by the government in accordance with the pension regulations in the People's Republic of China (PRC) are based on certain percentage of employees' monthly salaries and wages. Monthly contributions to an independent fund are administered by the government. Other than the monthly contributions, the Group has no further obligations.

(c) The pension costs under the defined contribution pension plans of the Group for the three-month and six-month periods ended June 30, 2026 and 2025 were $129,054, $118,968, $260,148 and $259,833, respectively.

(15) Share-based payment

A. For the six-month period ended June 30, 2026, the Group's share-based payment arrangements were as follows:

Type of arrangement	Grant date	Quantity granted	Contract period	Vesting conditions
Restricted stocks to employees	2025.12.16	2,649	3 years	Note

Note：The restrictions on rights and vesting conditions related to the first employee restricted stocks for the year ended December 31, 2025 are as follows:

(1) The Company's new ordinary shares are issued as employee restricted stocks, which are distributed without consideration.

(2) For the employees who are still employed by Company starting from the allocation of restricted stocks, and during the period, the employees do not violate the Company's employment contract, working policy, non-compete clause, confidentiality agreement, or contract terms with the Company, and achieve the individual performance evaluation indicator set by the respective company and the Company's operating goals, the vesting period is three years, and the vesting ratios on the vesting date for each year are as follows: 33% shares can be vested after one year from the vesting date, 33% shares can be vested after two years from the vesting date and 34% shares can be vested after three years from the vesting date.

(3) Individual performance evaluation indicator: The performance rating for the most recent year at the end of the vesting period achieves A+ or above.

(4) The Company's operating goals: The Company uses pre-tax income margin, return on equity and ESG as performance indicators, and the respective weights and target conditions for each indicator are as follows: Targets are set for each indicator. For any indicator that meets its target, the number of vested shares for that year shall be calculated by applying the corresponding weight; for any indicator that does not meet its target, the corresponding weight shall be 0% when calculating the number of vested shares for that year. The year of performance indicator refers to the fiscal year of the most recent annual financial statements audited by independent auditors before the vesting date, and the performance indicators shall be calculated based on the corresponding consolidated financial statements audited by independent auditors for the required measurement period.

Performance indicators	Weighting targets
Pre-tax Income Margin	Accounts for a 30% weighting; target is to exceed the Company's average pre-tax profit margin for the preceding three fiscal years.
Return On Equity	Accounts for a 30% weighting; target is to exceed either the Company's average return on equity for the preceding three fiscal years, or the average return on equity of the top ten weighted constituent stocks of the selected Taiwan IC design industry representative return index.
ESG	Accounts for a 40% weighting; target is BBB or higher in the latest annual MSCI ESG Rating (Note)

Note: The measurement year is the same for the MSCI ESG rating and the performance indicators of pre-tax income margin and return on equity.

(5) Before the employee achieves the vesting conditions when the restricted stocks were granted to the employees, except for inheritance, the restricted stocks granted to the employees cannot be sold, pledged, transferred, donated, collateralised, or disposed in any other method before the employee achieves the vesting conditions.

(6) Before the employee achieves the vesting conditions when the restricted stocks were granted to the employees, the attendance, proposal, speaking, right of voting and election, and other matters associated with shareholders' meeting are similar with the ordinary shares that have been issued and are executed based on the trust custody contracts.

B. On January 24, 2002, the Company increased its new common stock and sold its old common stock by issuing 13,924 thousand units of GDRs for cash. Each GDR unit represents 4 common stocks, so the total common stocks issued were 55,694 thousand shares. The Company's GDRs are traded in the Luxembourg Stock Exchange. As at June 30, 2026, the outstanding GDRs were 468 thousand units, equivalent to 1,872 thousand shares of common stock, representing 0.36% of the Company's total common stocks.

C. On May 28, 2025, the Company's shareholders during the shareholders' meeting resolved to issue employee restricted shares and distribute 2,700 thousand shares to employees without consideration. As at June 30, 2026, the actual number of shares issued was 2,649 thousand shares. The employee restricted shares issued are subject to certain transfer restrictions before their vesting conditions are met. Other than these restrictions, the rights and obligations of these shares issued are the same as other issued common shares. The aforementioned issuance of new shares had been approved by the competent authority and the registration for the change was completed.

(18) Capital surplus

Pursuant to the R.O.C. Company Act, capital surplus arising from paid-in capital in excess of par value on issuance of common stocks and donations can be used to cover accumulated deficit or to issue new stocks or cash to shareholders in proportion to their share ownership, provided that the Company has no accumulated deficit. Further, the R.O.C. Securities and Exchange Act requires that the amount of capital surplus to be capitalized mentioned above should not exceed 10% of the paid-in capital each year. Capital surplus should not be used to cover accumulated deficit unless the legal reserve is insufficient.

(19) Retained earnings

A. Under the Company's Articles of Incorporation, the current year's earnings, if any, shall first be used to pay all taxes and offset prior years' operating losses and then 10% of the remaining amount shall be set aside as legal reserve, if legal reserve has accumulated to an amount equal to the paid-in capital, then legal reserve is not required to be set aside any more. After that, special reserve shall be set aside or reversed in accordance with the related laws or the regulations made by the Competent Authority. The remainder, if any, along with prior year's accumulated undistributed earnings shall be proposed by the Board of Directors. However, the appropriation of earnings shall be resolved by the shareholders if earnings are distributed by issuing new shares, or the appropriation of earnings shall be resolved by the Board of Directors, if earnings are distributed in the form of cash. The Company should consider factors affecting finance, business and operations to appropriate distributable earnings for the period and appropriate all or partial reserve in accordance with regulations of the Competent Authority. Dividends shall account for at least 50% of the distributable earnings added in the current year.

The Company's dividend policy takes into consideration the Company's future expansion plans and future cash flows. In accordance with the Company's dividend policy, cash dividends shall account for at least 10% of the current year's total dividents distributed.

In accordance with Article 240, Item 5 and Article 241, Item 2 of the Company Act, the resolution for the distribution of all or a portion of distributable dividends, legal reserve and capital surplus in the form of cash, will be adopted by a majority vote at a meeting of the Board of Directors attended by at least two-thirds of the total number of directors and will be reported to the shareholders.

B. Except for covering accumulated deficit or issuing new stocks or cash to shareholders in proportion to their share ownership, the legal reserve shall not be used for any other purpose. The use of legal reserve for the issuance of stocks or cash to shareholders in proportion to their share ownership is permitted, provided that the distribution of the reserve is limited to the portion in excess of 25% of the Company's paid-in capital.

C. In accordance with the regulations, the Company shall set aside special reserve from the debit balance on other equity items at the balance sheet date before distributing earnings. When debit balance on other equity items is reversed subsequently, the reversed amount could be included in the distributable earnings.

D. The appropriation of 2025 and 2024 earnings had been resolved at the shareholders' meeting on May 27, 2026 and May 28, 2025, respectively. Details are summarized below:

9. SIGNIFICANT CONTINGENT LIABILITIES AND UNRECOGNIZED CONTRACT COMMITMENTS

(1) Contingencies

A. In 2020, KONINKLIJKE PHILIPS N.V. and PHILIPS NORTH AMERICA LLC brought actions for patent infringement in United States International Trade Commission ("ITC") and United States District Court of Delaware against the Company's IC products. On March 23, 2022, ITC issued the final determination finding non-infringement for the accused Company's IC products and non-existence of the required domestic industry. On August 11, 2025, the United States District Court of Delaware entered final judgment in favor of the Company. Plaintiff appealed the case to the United States Court of Appeals for the Federal Circuit. The case is still pending, and the Company is unable to reliably determine the outcome of the case.

B. In 2022, ParkerVision, Inc. brought an action for patent infringement in United States District Court for the Western District of Texas against the Company's IC products. The case is still pending, and the Company is unable to reliably determine the outcome of the case.

C. In 2023, the Company filed a complaint in the Northern District of California against MediaTek Inc., Future Link Systems LLC, and IPValue Management (Future Link's parent company) for violation of, including but not limited to, US anti-trust and unfair competition laws. The parties confidentially resolved the matter and the case has been dismissed with prejudice.

D. In 2023, ParkerVision, Inc. brought another action for patent infringement in United States District Court for the Western District of Texas against the Company's IC products. The case is still pending, and the Company is unable to reliably determine the outcome of the case.

E. In 2025, Redwood Technologies, LLC brought actions for patent infringement in United States District Court for the Western District of Texas against the Company's IC products. The cases are terminated due to dismissal with prejudice of the cases by both parties.

(2) Commitments

The Company entered into a contract with a supplier. According to the contract, the supplier provided the agreed production capacity to the Company after the latter paid the guarantee deposits. The abovementioned payment was shown in other non-current assets.

B. Financial risk management policies

(a) The Group's activities expose it to a variety of financial risks: market risk (including foreign exchange risk, interest rate risk and price risk), credit risk and liquidity risk.

(b) Risk management is carried out by a Group finance under policies approved by the Board of Directors. Group finance identifies, evaluates and hedges financial risks in close cooperation with the Group's operating units.

C. Significant financial risks and degrees of financial risks

(a) Market risk

Foreign exchange risk

i. The Group operates internationally and is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to USD and CNY. Foreign exchange risk arises from future commercial transactions, recognized assets and liabilities.

ii. Management has set up a policy to require the Group to manage its foreign exchange risk against its functional currency. The Group is required to hedge its entire foreign exchange risk exposure with the Group finance.

iii. The Group's businesses involve some functional currency operations (the Company's and other certain subsidiaries' functional currency: NTD; other certain subsidiaries' functional currency: USD and CNY). The information on assets and liabilities denominated in foreign currencies whose values would be materially affected by the exchange rate fluctuations is as follows:

	June 30, 2026		
	Foreign currency amount (In thousands)	Exchange rate	Book value (NTD)
(Foreign currency: functional currency)			
Financial assets			
Monetary items			
USD:NTD	$ 924,301	31.837	$ 29,426,971

The exchange (losses) gains, including realized and unrealized arising from significant foreign exchange variation on the monetary items held by the Group for the three-month and six-month periods ended June 30, 2026 and 2025, amounted to ($17,476), $3,939, $24,490 and $39,906, respectively.

Price risk

i. The Group's equity securities, which are exposed to price risk, are the held financial assets at fair value through profit or loss and financial assets at fair value through other comprehensive income.

ii. The Group's investments in equity securities comprise shares and open-end funds issued by the domestic and foreign companies. The prices of equity securities would change due to the change of the future value of investee companies. If the prices of these equity securities had increased/decreased by 10% with all other variables held constant, profit before tax for the six-month periods ended June 30, 2026 and 2025 would have increased/decreased by $555,039 and $546,204, respectively, as a result of gains/losses on equity securities classified as at fair value through profit or loss. Other comprehensive income would have increased/decreased by $500,645 and $330,118, respectively, as a result of other comprehensive income on equity investments classified as at fair value through other comprehensive income.

Cash flow and fair value interest rate risk

i. The Group's interest rate risk arises from bank time deposits, time deposits with maturity over three months and bank borrowings with variable rates. Borrowings with variable rates expose the Group to cash flow interest rate risk which is partially offset by cash and cash equivalents held at variable rates. For the six-month periods ended June 30, 2026 and 2025, the Group's borrowings at variable rate were mainly denominated in New Taiwan dollars, US dollars and EUR dollars.

ii. If the borrowing interest rate had increased/decreased by 0.25% with all other variables held constant, profit before tax for the six-month periods ended June 30, 2026 and 2025 would have decreased/increased by $8,352 and $4,645, respectively. If the time deposits interest rate had increased/decreased by 0.25% with all other variables held constant, profit before tax for the six-month periods ended June 30, 2026 and 2025 would have increased/decreased by $63,369 and $50,663, respectively. The main factor is that increase or decrease in interest expense and interest income result in floating-rate.

(b) Credit risk

i. Credit risk refers to the risk of financial loss to the Group arising from default by the clients or counterparties of financial instruments on the contract obligations. The main factor is that counterparties could not repay in full the accounts receivable based on the agreed terms and the contract cash flows of financial assets at amortized cost.

ii. The Group manages their credit risk taking into consideration the entire Group's concern. According to the Group's credit policy, each local entity in the Group is responsible for managing and analyzing the credit risk for each of their new clients before standard payment and delivery terms and conditions are offered. Internal risk control assesses the credit quality of the customers, taking into account their financial position, past experience and other factors.

iii. The Group adopts the assumption under IFRS 9, that is, the default occurs when the contract payments are past due over 90 days.

iv. The Group adopts the following assumption under IFRS 9 to assess whether there has been a significant increase in credit risk on that instrument since initial recognition:
If the contract payments were past due over 30 days based on the terms, there has been a significant increase in credit risk on that instrument since initial recognition.

v. The following indicators are used to determine whether the credit impairment of debt instruments has occurred:
(i) It becomes probable that the issuer will enter bankruptcy or other financial reorganization due to their financial difficulties;
(ii) The disappearance of an active market for that financial asset because of financial difficulties;
(iii) Default or delinquency in interest or principal repayments;
(iv) Adverse changes in national or regional economic conditions that are expected to cause a default.

vi. The Group classifies customers' accounts receivable in accordance with customer types. The Group applies the modified approach using provision matrix to estimate expected credit loss under the provision matrix basis.

vii. The Group wrote-off the financial assets, which cannot be reasonably expected to be recovered, after initiating recourse procedures. However, the Group will continue executing the recourse procedures to secure their rights.

viii. The Group used the forecast ability of semiconductor industry research report to adjust historical and timely information to assess the default possibility of accounts receivable. As at June 30, 2026, December 31, 2025 and June 30, 2025, the provision matrix are as follows:

	Not past due	1~90 days past due	Over 90 days past due	Total
At June 30, 2026				
Expected loss rate	0%~1%	0%~1%	100%	
Total book value	$ 22,096,311	$ 657,404	$ 516	$ 22,754,231

Loss allowance	$ 121,153	$ 6,890	$ -	$ 128,043

ix. Movements in relation to the Group applying the modified approach to provide loss allowance for accounts receivable are as follows:

	2026
	Loss allowance for accounts receivable
At January 1	$ 114,810
Provision for impairment loss	50,136
At June 30	$ 164,946

	2025
	Loss allowance for accounts receivable
At January 1	$ 85,589
Provision for impairment loss	42,454
At June 30	$ 128,043

x. For investments in debt instruments at amortized cost, the credit rating levels are presented below:

	June 30, 2026			
		Lifetime		
	12 months	Significant increase in credit risk	Impairment of credit	Total
Financial assets at amortized cost

Group 2	8,617,401	-	-	8,617,401
	$ 51,248,700	$ -	$ -	$ 51,248,700

Group 1: Time deposits with original maturity over three months deposited in financial institutions having good credit quality.

Group 2: Standard Poor's, Fitch's, or Moody's rating of A-level.

(c) Liquidity risk

i. Cash flow forecasting is performed in the operating entities of the Group and aggregated by Group finance. Group finance monitors forecasts of the Group's liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities.

ii. Group finance invests surplus cash in interest bearing demand deposits, time deposits, money market deposits and marketable securities, choosing instruments with appropriate maturities or sufficient liquidity to provide sufficient headroom as determined by the above-mentioned forecasts.

iii. The table below analyses the Group's non-derivative financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date for non-derivative financial liabilities. The amounts disclosed in the table are the contractual undiscounted cash flows.

Non-derivative financial liabilities:

June 30, 2026	Less than 1 year	Between 1 and 5 years	Over 5 years
Short-term borrowings	$ 3,273,480	$ -	$ -
Notes payable	4,000	-	-
Accounts payable (including related parties)	17,199,970	-	-
Other payables (including related parties)	54,395,908	-	-
Lease liabilities	152,834	355,128	1,609,666
Other financial liabilities	13,777,969	-	-

Non-derivative financial liabilities:

December 31, 2025	Less than 1 year	Between 1 and 5 years	Over 5 years
Short-term borrowings	$ 10,090,000	$ -	$ -
Notes payable	5,000	-	-
Accounts payable (including related parties)	11,733,159	-	-
Other payables (including related parties)	36,573,643	-	-
Lease liabilities	122,421	233,019	1,343,468
Other financial liabilities	12,067,580	-	-

Non-derivative financial liabilities:

June 30, 2025	Less than 1 year	Between 1 and 5 years	Over 5 years
Short-term borrowings	$ 2,931,555	$ -	$ -
Accounts payable (including related parties)	12,508,435	-	-
Other payables (including related parties)	48,948,298	-	-
Lease liabilities	114,703	213,137	1,549,222
Other financial liabilities	10,631,047	-	-

iv. The Group does not expect the timing of occurrence of the cash flows estimated through the maturity date analysis will be significantly earlier, nor expect the actual cash flow amount will be significantly different.

(3) Fair value information

A. The different levels that the inputs to valuation techniques are used to measure fair value of financial and non-financial instruments have been defined as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. A market is regarded as active where a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The fair value of the Group's investment in listed stocks and beneficiary certificates is included in Level 1.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability. The fair value of the Group's investment in equity investment without active market is included in Level 3.

B. Fair value information of investment property at cost is provided in Note 6(10).

C. The related information of financial and non-financial instruments measured at fair value by level on the basis of the nature, characteristics and risks and fair value of the assets is as follows:

(a) The related information of nature of the assets is as follows:

June 30, 2026	Level 1	Level 2	Level 3	Total
Assets				
Recurring fair value measurement				
Financial assets at fair value through profit or loss

Total	$ 7,652,576	$ -	$ 2,464,345	$ 10,116,921

June 30, 2025	Level 1	Level 2	Level 3	Total
Assets				
Recurring fair value measurement				
Financial assets at fair value through profit or loss				
Listed stocks	$ 143,911	$ -	$ -	$ 143,911
Beneficiary certificates	5,066,954	-	-	5,066,954
Structured deposits	251,176	-	-	251,176
Financial assets at fair value through other comprehensive income				
Listed stocks	565,888	-	-	565,888
Unlisted stocks	-	-	2,735,296	2,735,296
Total	$ 6,027,929	$ -	$ 2,735,296	$ 8,763,225

(b) The methods and assumptions the Group used to measure fair value are as follows:

i. The instruments the Group used market quoted prices as their fair values (that is, Level 1) are listed below by characteristics:

	Listed shares	Closed-end fund	Open-end fund	Government bond	Corporate bond	Convertible (exchangeable) corporate bond
Market quoted price	Closing price	Closing price	Net asset value	Translation price	Weighted average quoted price	Closing price

ii. Except for financial instruments with active markets, the fair value of other financial instruments is measured by using valuation techniques. The fair value of financial instruments measured by using valuation techniques can be referred to current fair value of instruments with similar terms and characteristics in substance, discounted cash flow method or other valuation methods, including calculated by applying model using market information available at the consolidated balance sheet date.

iii. The output of valuation model is an estimated value and the valuation technique may not be able to capture all relevant factors of the Group's financial and non-financial instruments. Therefore, the estimated value derived using valuation model is adjusted accordingly with additional inputs.

D. For the six-month periods ended June 30, 2026 and 2025, there were no transfer between Level 1 and Level 2.

E. The following chart is the movement of Level 3 for the six-month periods ended June 30, 2026 and 2025:

	2026	2025
	Non-derivative equity instrument	Non-derivative equity instrument
At January 1	$ 2,464,345	$ 2,779,662
Gains (losses) recognized in other comprehensive income	986,742	(26,275)
Proceeds from capital reduction	(17,552)	(18,091)
At June 30	$ 3,433,535	$ 2,735,296

F. For the six-month periods ended June 30, 2026 and 2025, there were no transfers into or out from Level 3. Since Embestor Technology Inc. became an emerging company in July 2025, sufficient observable market information was available. Therefore, the Group transferred the fair value amount from Level 3 to Level 1 when the event occurred.

G. The finance division is in charge of valuation procedures for fair value measurements being categorized within Level 3, which is to verify independent fair value of financial instruments. Such assessment is to ensure the valuation results are reasonable by applying independent information to make results close to current market conditions, confirming the resource of information is independent, reliable and in line with other resources and represented as the exercisable price, updating inputs used to the valuation model and making any other necessary adjustments to the fair value.
